(Consolidated)

Decision and Order No. 23948

DECISION AND ORDER

By this Decision and Order, the commission approves HAWAII ELECTRIC LIGHT COMPANY, INC.'s ("HELCO") request to reduce the customer incentive levels for compact fluorescent lamps ("CFLs") for its Commercial and Industrial New Construction ("CINC") and Commercial and Industrial Customized Rebate ("CICR") Programs, as described below.

I.

Request to Reduce Customer Incentive Levels

By letter dated and filed on September 19, 2007,¹ HELCO requests commission approval to reduce the customer incentive levels for CFLs for its CINC and CICR Programs, as follows:

¹HELCO filed its request in this docket and in Docket No. 05-0069. To ensure the completeness of the commission's records, the commission will also file a copy of this Decision and Order in Docket No. 05-0069.

CINC Program

	Current Incentive	Proposed Incentive
CFL - Screw In	\$5.00	\$2.50
CFL - Pin Mount	\$5.00	\$2.50

CICR Program

	Current Incentive	Proposed Incentive
CFL - Screw In	\$5.00	\$2.50
CFL - Pin Mount	\$5.00	\$2.50

According to HELCO, the current customer incentives for CFLs were based on an estimated installed cost of \$20 per CFL in commercial applications. HELCO asserts that the installed cost of CFLs has decreased to \$10 - \$15 per CFL.² As such, "HELCO maintains that a reduction in the customer incentive level is warranted, and that the reduced customer incentive level should be sufficient to drive the continued adoption by commercial customers of this energy efficiency measure."³

By letter dated November 30, 2007, in response to PUC-IR-1, HELCO requests further modifications to its customer incentive levels for CFLs to make them consistent with the

²HELCO's Response to PUC-IR-1.

³Letter dated and filed September 19, 2007, from Warren H. W. Lee, President of HELCO, to the commission, at 2.

incentives offered by Hawaiian Electric Company, Inc. ("HECO"). According to HELCO, HECO set 25% of the incremental cost of the energy efficiency measure as a benchmark for customer incentive levels in its Commercial and Industrial Energy Efficiency Program. HELCO states that "[t]hese incentive levels, based on HECO's experience, have proven to provide appropriate incentives that encourage adoption of the measure under varying product and installation scenarios."⁴ Accordingly, HELCO now requests approval of the following customer incentive levels for CFLs:

CINC Program

	Current Incentive	Proposed Incentive
CFL - Screw In	\$5.00	\$1.25
CFL - Pin Mount	\$5.00	\$2.50
CFL - Specialty	\$5.00	\$2.50

CICR Program

	Current Incentive	Proposed Incentive
CFL - Screw In	\$5.00	\$2.50
CFL - Pin Mount	\$5.00	\$5.00
CFL - Specialty	\$5.00	\$5.00

⁴HELCO's Response to PUC-IR-1; see also HECO's Response to PUC-IR-2 and PUC-IR-3, filed on November 30, 2007, in Docket Nos. 94-0010, 94-0011, 94-0012 (consolidated).

The DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, DIVISION OF CONSUMER ADVOCACY ("Consumer Advocate")⁵ does not object to HELCO's request.

Here, given the reduction in the installed costs of CFLs, it is appropriate to reduce the customer incentive levels. As noted by HELCO, "[r]atepayer funded [demand-side management ("DSM")] programs need to strike a balance between offering customer incentives to motivate customers to install energy efficient measures and/or adopt new technologies versus overpaying incentives and/or providing incentives to customers who would have installed the energy efficiency measure even without a utility DSM program."⁶ Accordingly, the commission approves HELCO's request to reduce the customer incentive levels for CFLs for its CINC and CICR Programs, as described herein.

II.

Order

THE COMMISSION ORDERS:

HELCO's request to reduce the customer incentive levels for CFLs for its CINC and CICR Programs, as described herein, is approved.

⁵By letter dated and filed on December 3, 2007, the Consumer Advocate informed the commission that it does not object to commission approval of HELCO's request to reduce the CFL customer incentive levels. The Consumer Advocate is an ex officio party to this docket, pursuant to Hawaii Revised Statutes § 269-51 and Hawaii Administrative Rules § 6-61-62.

⁶HELCO's Response to PUC-IR-1.
